PARADISE HILL CABIN BURNS

—ALL CONTENTS DESTROYED

The log cabin of Dr. R. R. Tibbets on Paradise Hill was burned flat in a quick spectacular fire about 8 o'clock Saturday evening. The blaze was visible from a long distance. The loss, which was not insured, included a Farmall tractor and implements used by the doctor in his garden nearby. The cause of the fire is not known. The building was built about 36 years ago by Henry Boyker and occupied as a home for a time.

FAMOUS ENTERTAINERS TO FEATURE RADIO OBSERVANCE OF PYTHIAN ANNIVERSARY

Three of North America's best known and most-loved personalities of the entertainment world will tell of their childhood and what the Fraternal Order Knights of Pythias meant to them and their families. They will do this in a continent-wide radio broadcast as part of the week-end celebration of the 92nd birthday anniversary of that organization on Saturday and Sunday, Feb. 18 and 19.

Actresses Mary Martin and Mary Pickford will give dramatic stories of their childhood, while band leader Freddy Martin will speak of his years as an orphan boy in the Ohio Pythian Children's Home.

Mrs. Martin will sing two songs. The Freddy Martin orchestra will be heard from Boca Raton, Fla.

Raymond Massey, known as "Mr. Lincoln," will quote what Abraham Lincoln said about the Knights of Pythias at the time it was founded by 12 of his associates in Washington, D. C., on Feb. 19, 1864.

Several governors, a member of the Canadian Parliament, a Canadian premier, all members of the Knights of Pythias, and high civic and industrial leaders of the United States and Canada will be heard on the broadcasts which will originate in New York with pickups from 14 cities throughout the United States and Canada.

It will be carried by Mutual, the world's largest radio network; by Canada's Dominion Network; New England's Yankee Network and the 46-station Don Lee Network on the Pacific Coast.

Hundreds of independent stations and stations affiliated with other networks will carry the program at a later time.

During the week end more than 100 public meetings will be held by the nearly 3000 local Knights of Pythias lodges in cooperation with the 2600 temples of Pythian Sisters, the order's largest auxiliary.

Other Pythian auxiliaries include the fun group, the Dramatic Order, Knights of Khorassan, commonly called Dokeys; the Nomads of Ayrudaka, women's fun organization; and the two junior organizations, Sunshining Girls and Princesses of Syracuse.

LIONS CLUB HAS 14 IN INDUCTION CEREMONY HERE MONDAY NIGHT

One of the best attended Lions Club meetings of the year was held Monday evening at the Legion Hall. Thirty-five Bethel Lions with nine mothers as guests, five Lions from the Norway-Paris Club and three other guests enjoyed a pleasant evening which included the induction of 14 new members who have joined since the first of the year. The induction of these members was done by International Counsellor Clayton Shepley of South Portland, a Past District Governor. The Norway-Paris Club was presented the Travelling Trophy of District 41L which had been in the possession of the Bethel Club. Plans for the Costume Poverty Ball to be held Friday, Feb. 24th were discussed.

It was learned that the State Health and Welfare Dept. would be unable to conduct a chest x-ray clinic in this area this year. This had been a proposed project of the Bethel Lions Club.

Plans were made for a visitation next Monday to the Norway-Paris Club to reclaim the trophy. All Lions are requested to meet at the Legion Hall at 6:30.

DUTCH ELM DISEASE PREVENTION UNDERWAY

Officials in 300 municipalities in the southern half of the State have been visited by Maine Forest Service personnel during the past two weeks. The purpose is to give facts and arouse concrete interest in providing for the start of an elm protection program against the Dutch Elm Disease. Further contacts are being made extending to the north and east to try to cover all possible towns prior to town meeting time. Personal contacts followed previous mailing of explanatory information to community officials. Information is also being mailed to Garden and Women's Clubs in the State to acquaint them with the problem.

Talks are being given to civic groups. Publicity has been given through newspapers, radio and television stations.

Concrete methods for conducting a protection program, appropriations needed, and appointment of tree wardens have been suggested along with an explanation of available State help in scouting, advice in community shade tree programs, and removal of diseased elm trees. Practically all officials have shown keen interest in becoming acquainted with the problem and the needed protection measures for their valuable elms. A few municipalities have shade tree programs underway with active appropriations and tree wardens. Others are interested in providing for these items at coming city and town meetings.

It has been explained that the prevention program is primarily a community problem. Action is needed now before the disease gains strong footholds in communities. It will be much better to expend money to protect and enjoy elms later than to remove dead elms later with no benefits.

The Dutch Elm Disease is present in six York County towns and in the Penobscot County town of Oran. Most of the spread occurred in 1953. Very damage has occurred in States south of Maine except where municipalities have used concrete efforts to prevent spreading of the disease. The advantage of knowing from experience in other states that the best method of prevention of the disease is a continued program of tree sanitation. The Maine Forest Service is providing leadership to initiate community programs because the public doesn't yet realize the facts of possible seriousness of the disease.

MANY AT TESTIMONIAL DINNER TUESDAY FOR DR. & MRS. TIBBETTS

A testimonial dinner honoring Dr. and Mrs. R. R. Tibbets for their long and faithful service to the church and community was held Tuesday evening at the West Parish Congregational Church. The dining room, which was filled to capacity, was decorated by members of the Sunday School in valentine motif. A large heart behind the head table showed many pictures of Dr. Tibbets' babies. The guests were seated in the dining room when Dr. and Mrs. Tibbets were escorted to table of honor by Mr. and Mrs. John Carter. Prayer was offered by Rev. Charles Pendleton.

A very delicious chicken a la king dinner was served by the Guild, following which group singing was enjoyed.

Mrs. Tibbets cut a beautifully decorated three-tiered cake which had been made for the occasion by Mrs. Emily Clement. The top tier was fed in the form of an open Bible with the words, "Serve the Lord with gladness," written on the open page.

Eugene A. Van Den Kerkhoven, serving as master of ceremonies, opened the after-dinner program with greetings to Dr. and Mrs. Tibbets.

Mrs. Tibbets, in responding for both of them, reminisced about their activities in the church and community over the years about her love for her Sunday School teaching during the past 31 years, and of their activities as doctor and nurse in the vicinity of Bethel.

Cables and wires were read from their daughters, Mrs. F. Barron Freeman, Ithaca, N. Y., and Miss Margaret Joy Tibbets, Leopold, Belgian Congo, West Africa. Other congratulatory messages were read from their many friends far and near and from many of the doctor's colleagues. Charles Epper and David Myers, representing Mrs. Tibbets' current Sunday School class, presented the couple with flowers.

M. C. Van Den Kerkhoven kept up a lively interest during the evening with humorous anecdotes about the lives of Dr. and Mrs. Tibbets. Several humorous skits were given by members of the Bethel Fellowship.

The program included several musical selections and also a song with original words by Mrs. Lawrence Lord. An original poem by Mrs. Gary Stearns was read.

Introductions were made of the doctor's first and last babies, largest families, twins and others among his patients. It was mentioned that Dr. Tibbets has delivered nearly 3000 babies in his area.

The program was concluded with the presentation of a remembrance book from the church by Theodore Emery. All present signed their names in this beautiful leather-bound book and all the messages and mementos received for this occasion were placed in the book, as well as pictures taken during the evening.

What better way to show appreciation of small fry art work than to take a picture of it? Flash on camera makes this type of picture taking easy, indeed.

Flash! And You've a Picture for Remembering

Flash photography makes picture taking indoors easier than if you were snapshotting outdoors on a summer day! That's because the sun, while a wonderful source of light, is a variable one. It is not always easy to be sure just how much light there is on your subject. But, with the light all sealed up in a flash bulb, you know exactly how much there is. All you have to do is follow the instructions (those packed with your film and on the flash bulb carton) and you can't go wrong.

Another advantage—you can put the subject in any spot you wish without any concern as to the direction of the light.

One of the latest developments in the realm of flash photography has made it even more convenient than ever before. People sometimes com-

plain that flashholders are bulky, inconvenient to carry around—with the same being said for the flash bulbs.

But that needn't hold you back any longer. Because now, both come in a midsize. The bulbs are so small that many people call them "peanut" bulbs—but, actually, we've seen bigger peanuts (in the shell, that is).

The midsize flashholder even comes apart nicely, for slipping into pocket or handbag.

That's what the mother in the above picture is using as she snaps a picture of George Washington's birthday art work that has just come home from kindergarten. Keeping camera, flash attachment and bulbs handy pays off in wonderful snapshots for remembering.

MUST ATTACH W-2 FORMS TO
INCOME TAX RETURNS
DIRECTOR WHEELER WARNS
Taxpayers who worked for more
than one employer during 1955
must be careful to attach to their
Federal income tax returns for the
year all their W-2 withholding
tax certificates. District Director
Whitney L. Wheeler warns.
"Many people work for several
business firms during a year."
Mr. Wheeler pointed out, "General-
ly, such firms will furnish em-
ployees who have left their employ-
ment proper certificates shortly after
they leave the company. It's im-
portant to keep these certificates
for use in computing tax status
at the end of the year."

"Far too often we receive re-
turns lacking two or three such
withholding forms. Checking
against our own copies of the
W-2s, furnished us by employers
reveals frequent tax discrepancies.
Short-term workers who have never
received W-2s from firms by
which they were employed should
apply for them at once, and those
who have lost them should request
duplicates."

professional people take on contract

"AMERICAN FARMER VIEWS
RUSKIA" TOPIC AT FARM
AND HOME WEEK APRIL 8

The observations made by Fer-
ris Owen, vice-president of the
Ohio Farm Bureau Federation,
during his six-week tour of Russia
last summer, promises to be an
outstanding feature of the 49th
annual Farm and Home Week at
Orono.
Owen was one of 15 American
farmers selected to tour Russia
last summer, the only individual
from east of the Mississippi who
made the trip. He travelled over
10,000 miles inside the Soviet Union,
through the Ukraine, Crimea, Si-
beria and Asiatic Russia. Owen
was chairman of a committee
which drafted recommendations
for the Russians on how they
could improve their agriculture.
Owen is known throughout the
potato industry of this country. He
is a potato grower, director of the
National Potato Council and was
appointed by Secretary of Agricul-
ture Benson to serve on the Potato
Advisory Committee of the De-
partment of Agriculture.

Owen is scheduled to speak at
1:30 Tuesday, April 8, during the
Maine Extension Association pro-
gram. No other Farm and Home
Week sessions will be held at this
hour in order that all visitors may
enjoy Owen's talk.

GOULD ACADEMY

Gould Maine Ski Champions
Making up more than a seven
point deficit the Gould Academy
ski team paced by skimester Alan
Lamson placed second in the Cross
Country and the jumping at An-
dover on Saturday to beat out de-
fending champion Farmington and
gain its third Maine Class "A"
Schoolboy Ski Crown in four years.
Edward Little placed second and
Farmington third to complete the
qualifying list of Maine teams for
next week end's New England meet
at Lebanon, N. H. The Huskies,
travelling Farmington by seven
points after the downhill and sla-
lom events held at Bridgton on
Friday, placed second to Rumford
in the X-Country and to Edward
Little in the jumping at Andover
on Saturday to gain the champion-
ship crown. Lamson, who clinch-
ed the skimester trophy with a
win in the X-country and a second
in the jumping after second and
third place Friday in the down-
hill and slalom respectively, turn-
ed in an outstanding time in the
langlauf plodding over the slightly
more than three mile trail in 27
minutes and 59 seconds to edge
out Rumford's Phil Broomhall, co-
holder of the Junior National X-
Country Crown.

Following are the results and
team standing:

Downhill
1. Norm Twitchell, Farm. 44.0
2. Al Lamson, G. 44.2
3. Fred Ross (tie), Farm. 44.8
4. John Bower (tie), EL 44.8
5. Bill Ferguson, R. 44.9
Slalom
1. N. Twitchell, Farm. 49.9
2. N. Webber, Farm. 51.7
3. A. Lamson, G. 51.8
4. F. Ross, Farm. 52.0

GAUDREAU JOINS RESERVES

Pvt-1 Albert A. Gaudreau, 18, de-
parted Feb. 9 for six months army
active duty at Fort Knox, Ky. He
enlisted in Heavy Mortar Com-
pany, 204th Infantry in Livermore
Falls under the Reserve Forces
Act of 1935 for a period of eight
years. Six months of his training
will be on active duty and the re-
maining 7 1/2 years of his obliga-
tion will be spent in the Army Re-
serve. Gaudreau will not attend
reserve meetings weekly but will go
to summer camp for 30 days each
year, since he does not live near a
unit. Gaudreau is the son of Mr.
and Mrs. Paul Gaudreau of Box
452, Bethel. After he completes
his six months Army duty he
plans to return to Bethel and be
employed as a highway construc-
tion worker.

Jobs for various employers who pay
them on the withholding basis.
Paid workers in political cam-
paigns are another example of
such type employment. Publicly
and press agents often fall within
the same category.

"What it boils down to is this
everyone who pays Federal taxes
through pay deduction must pro-
duce all his withholding certifi-
cates. Their cumulative total may
help him get a refund, and more
often than not they do, but there
are instances in which slight ad-
ditional tax is sometimes due, be-
cause of changes in income brack-
et status between jobs."

Employers also were asked by
Mr. Wheeler to make sure that all
temporary or part-time help have
received certificates due them.

Gould Drops Final Game 44-63

South Paris came through with
a 63-44 win over Gould here last
Friday to gain a tie with Bridgton
for the Western Division of the
Sun Journal League. While Paris
was having little trouble at Gould,
Bridgton had a tough battle tak-
ing Mexico 71-54. A play off be-
tween these two teams may be held
at Farnsworth Field House as soon
as a date can be decided upon.

The Cardinals took an early lead
but the home five rallied in the
second period to take 2 point leads
on two occasions during the sec-
ond quarter. Paris, however, with
King leading the scoring regained
a 39-22 lead at the half. From here
44.8 on Lee Nelt, Bruce Day, John King
and Jim Seelye rang up baskets to
command a big lead. Ray Houtari
with 9 points rang up 3 quick
baskets also in the third period.

The outstanding player for Gould
was Guy Whitten who was substi-
tuting for the injured Dave Knight.
In the preliminary game the
Gould J.V.s easily defeated South
Paris 49-34. It was the 7th victory
in ten starts for the underdog.
They dropped their first two games
and then won six in a row before
losing to St. Patrick's in the game
preceding this final victory.
